

(死後所見)

1

2

A diagram of a semi-circular arch. A vertical line divides the arch into two halves. The left half contains a shaded circular area with diagonal lines, representing a specific point or feature on the arch's profile.

右側

左側

Figure 8: A detailed drawing of a cross-section of a tooth, showing the internal root canal system. The crown is filled with a solid material, and the root is filled with a material showing a cross-hatched pattern. The root canal follows the curvature of the root, ending in a hook-like bend at the apex.
